The content of these pages is protected by copyright. Its use is permitted for personal purposes only. Reproduction, modification, translation, distribution, use or public reproduction of the information or data, in particular of texts, images or audio material, is only permitted with express prior written consent.

Disclaimer

Our website contains cross-references ('links') to other websites. Through these cross-references, Child Health Service gGmbH provides access to the use of this content. Child Health Service gGmbH is not responsible for this 'external' content, as Child Health Service gGmbH does not initiate the transmission of the information, does not select the recipients of the transmitted information, and has not selected or modified the transmitted information. Child Health Service gGmbH does not automatically cache this 'external' information for a short period of time due to the selected call-up and linking methodology, so that Child Health Service gGmbH is not responsible for this 'external' content. However, when these links to these websites were first established, Child Health Service gGmbH checked the external content to determine whether it could give rise to any civil or criminal liability.

The information on these pages has been compiled to the best of our knowledge, but errors cannot be ruled out with absolute certainty. Only the provisions in the relevant legal bases (laws, regulations, statutes) are legally binding.

Data protection:

The responsible body within the meaning of the GDPR is Child Health Service gGmbH.
